INDEX.

A

ACETYL-β-METHYLCHOLIN, IV. Action in paroxysmal tachycardia and cardiac rhythm, 210
Adrenalectomy, effect of, upon response of rat to ketogenic principle of anterior pituitary, 450
Adrenotropic hormone of anterior pituitary, effect of, on hypophysectomized depancreatized ("Houssay") cats, 450
Adult males, creatinuria in, 256
Agglutinins, minor blood, and relation to post-transfusion reactions, 827
Akeroyd, J. H., Corlette, M. B., and Frank, H., see Youmans, J. B., 319
Alcohol addict, observations on etiologic relationship of vitamin B (B_1) to polyneuritis in, 515
Allergic disease, progress in rhinologic aspects of, with reference to ionization, 866
manifestations, cutaneous, current conceptions of, 566
Amebiasis and cancer of colon, 237
Amino acids, nature of intestinal absorption of, 873
Ammonium salts, nature of cell permeability to, 151
Anderson, H. H., *see* Reed, A. C., 237
Anderson, M., see Gregory, R., 263
Anemia, experimental, absorption, storage and utilization of iron metabolism in, 24
iron and its utilization in, 11
hemolytic, in carcinomatosis of bone marrow, 160
pernicious, effect of therapy on nerve degeneration in, 72
intrinsic factor of Castle in gastric juice of patients with, 405
treatment of, with liver extract, 597
secondary, and associated lesions, Bartonella canis infection in relation to, 388
sickle-cell: new cause of cor pulmonale; report of 2 cases, 474
Anesthesias, occurrence of postoperative respiratory complications, following 7874, 807
Aneurysm, congenital cerebral, coarctation of aorta with intermittent leakage of, 626
Aneurysm, ruptured, of abdominal aorta, clinical and electrocardiographic picture from, 196
Angina pectoris, electrocardiographic study of Lead IV, with findings in, 98
Anterior pituitary, effect of adrenalectomy upon response of rat to ketogenic principle of, 450
adrenotropic hormone of, upon hypophysectomized depancreatized ("Houssay") cats, 450
Antibodies, effect of combination with diazo compounds on immunological reactivity of, 301
Antibody, dose of, effective in treatment of pneumococcus Type II pneumonia, 658
Antiseptics, mercurial, evaluation of, in presence of serum, 302
Aorta, abdominal, clinical and electrocardiographic picture of coronary occlusion from aneurysm of, 196
coarctation of, with intermittent leakage of congenital cerebral aneurysm; case report, 626
dextroposed, tetralogy of Fallot (Eisemenger type) with hypoplasia of, 618
Aring, C. D., *see* Solomon, P., 357
Arteriosclerosis, primary pulmonary, with polycythemia; associated with ingestion of sodium chlorid (halophagia), 633
Arthritis, gonorrheal, treatment of, by systemic and additional focal heating, 55
Asher, M., *see* Kraemer, M., 234

B

BACTERIOPHAGE service to patients with staphylococcus septicemia, 170, 179
Baker, T. W., and Shelden, W. D., coarctation of aorta with intermittent leakage of congenital cerebral aneurysm; case report, 626
Bartonella canis infection in relation to secondary anemia, and associated lesions, 388

Basophilic leukemia, acute, 457
Bath calorimeter, average temperature of tissues, heat exchange and vasomotor response to temperature by means of, 150
Batterman, R. C., and Nadler, J. E., *see* DeGraff, A. C., 526
Beck, J. C., and Guttman, M. R., progress in rhinologic aspects of allergic disease, with reference to ionization, 866
Belk, W. P., minor blood agglutinins and relation to post-transfusion reaction, 827
Berliner, K., effect of calcium injections on human heart, 117
Bierman, W., and Levenson, C., gonorrheal arthritis, treatment of, by systemic and additional focal heating, 55
see Vesell, H., 484
Block, F. B., disorders of menstruation, 557
Blood agglutinins, minor, and relation to post-transfusion reactions, 827
and lymph, normal and morbid formation and distribution of cellular and non-cellular constituents of, 153
fat determination, total, as index of thyroid function, 66
picture and variations in infancy and childhood, 142
pressure, effect of injecting certain electrolytes into cisterna magna on, 835
systolic, variations in, in renal tumors; 491 cases, 647
serum, filterable calcium of, I. Comparison with calcium of cerebrospinal fluid, etc., 263
transfusion in typhoid fever, 850
Bloodless method for recording peripheral circulation and application in physiology and pharmacology, 301
Bloodvessels, behavior of polymorphonuclear leukocytes outside, 302
Bone marrow, hemolytic anemia in carcinomatosis of, 160
Brain cultures, correlated morphologic and regional differences in, 737
Brucella abortus, recovery of, from stools of healthy carriers, 712
Brues, A., and Parker, F., Jr., *see* Jackson, H., Jr., 1
Bundle branch block and other intraventricular conduction system lesions, prognosis of, 88
Butler, M. F., and Jacobs, S., *see* Chamberlain, C. T., 66

C

Calcium, filterable, of blood serum, I. Comparison with calcium of cerebrospinal fluid, etc., 263
injections, effect of, on human heart, 117
phosphorus metabolism, present views of, 511
Cancer of colon and amebiasis, 237
Carcinomatosis of bone marrow, hemolytic anemia in, 160
Cardiac output in man, determination of, 739
Cardiomegalia glycogenica circumscripta, 415
Carpenter, C. M., and Fox, W. W., *see* Goldstein, J. D., 712
Carroll, E. J., Jr., punch-drunk, 706
Castle, intrinsic factor of, in gastric juice of patients with pernicious anemia, 405
W. B., *see* Patek, A. J., Jr., 788
Cecil, R. L., Plummer, N., and McCall, M., pneumococcus Type III pneumonia; analysis of 500 cases, 305
Cell permeability, nature of, to ammonium salts, 151
Cerebral aneurysm, congenital, coarctation of aorta with intermittent leakage of; case report, 626
Cerebrospinal fluids, colored, differentiation of, 538
Chamberlain, C. T., Jacobs, S., and Butler, M. F., total blood fat determination as index of thyroid function, 66
Chemotropism of leukocytes in relation to rate of locomotion, 593
Chew, W. B., *see* Taylor, F. H. L., 256
Chronaximetry, strength duration curves, etc., bearing on clinical application of, 491
Cincinnati, epidemic pleurodynia ("devil's grip") in, 673
Circulation schema, with pumps obeying Starling's "law of the heart," 739
Cisterna magna on blood pressure, effect of injecting certain electrolytes into, 835
Coarctation of aorta with intermittent leaking of congenital cerebral aneurysm, 626
Colbert, C. N., and Joffe, P. M., *see* Jolliffe, N., 515
Collapse therapy for tuberculosis in small sanatorium, 703
Collens, W. S., Stoliarsky, R. G., and Netzer, S., is use of insulin indicated in elderly diabetic with coronary sclerosis? 503
Colon, cancer of, and amebiasis, 237

Coma, diagnostic procedure for patient entering hospital in, 357
Conduction system, bundle branch block and other intraventricular lesions, prognosis of, 88
Corlette, M. B., Akeroyd, J. H., and Frank, H., *see* Youmans, J. B., 319
Coronary artery disease, treatment of, by injections of hypertonic saline solution, 410
occlusion, clinical and electrocardiographic picture of, from ruptured aneurysm of abdominal aorta, 196
sclerosis, is use of insulin indicated in elderly diabetic with? 503
Cor pulmonale, new cause of: sickle-cell anemia; report of 2 cases, 474
Creatinuria in adult males, 256
Cystin, study of Sullivan method for determination of, 594

D

Daland, G. A., and Zetzel, L., resistance of reticulocytes to hypotonic solutions of sodium chlorid and of plasma, 467
Dana, H. W., and Reidy, J. A., mitral-valve disease; pathologic report, 109
Darley, W., and Doan, C. A., primary pulmonary arteriosclerosis with polycythemia; associated with ingestion of sodium chlorid (halophagia), 633
DeGraff, A. C., Nadler, J. E., and Batterman, R. C., study of diuretic effect of mercupurin in man, 526
"Devil's grip," epidemic pleurodynia, in Cincinnati, 673
Diabetes mellitus, ocular lesions in, 296
studies in, IV. Etiology, Part 1, 759
Diabetic, elderly, with coronary sclerosis, is use of insulin indicated in? 503
Diagnostic procedure for patient entering hospital in coma, 357
Diazo compounds, effect of combination with, on immunologic reactivity of antibodies, 301
Differentiation of colored cerebrospinal fluids, 538
Diphtheria, causes of death in, and their prevention, 271
Diuretic effect of mercupurin in man, study of, 526
Doan, C. A., *see* Darley, W., 633
Dowling, H. F., *see* Finland, M., 658
Dublin, L. I., and Marks, H. H., *see* Joslin, E. P., 759

E

Ebaugh, F. G., post-traumatic personality disorders, 861
Edeiken, J., and Wolferth, C. C., persistent pain in shoulder region following myocardial infarction, 201
Edema, experimental pulmonary, 452
Eisemenger type of tetralogy of Fallot, with hypoplasia of dextroposed aorta, 618
Electrocardiogram in fever; changes in induced hyperpyrexia, 484
Electrocardiographic study of Lead IV with findings in angina pectoris, 98
Electrolytes, certain, effect of injection, into cisterna magna on blood pressure, 835
Elliot, A. H., and Evans, R. D., clinical and electrocardiographic picture of coronary occlusion from ruptured aneurysm of abdominal aorta, 196
Elsom, K. A., Wood, F. C., and Ravdin, I. S., hyperparathyroidism with renal insufficiency; case report, 49
Encephalomyelitis following German measles, 690
Epinephrin, reactions of hypophysectomized rabbits to, 595
Erythremia and duodenal ulcer, association of, 234
Evans, R. D., *see* Elliot, A. H., 196

F

Falconer, E. H., and Leonard, M. E., Hodgkin's disease of lung, 780
Fallot, tetraology of (Eisemenger type), with hypoplasia of dextroposed aorta, 618
Fat determination, total blood, as index of thyroid function, 66
Favorite, G. O., *see* Sappington, S. W., lung puncture in lobar pneumonia, 225
Feinberg, S. C., treatment of coronary artery disease by injections of hypertonic saline solution, 410
